## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 10 and 11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 10, lines 1-2, "at least one of the upper and lower threshold levels defining a group" lacks a proper antecedent basis with respect to claims 8 or 1. Claim 9 recites "threshold levels of channel condition," but does not include the "upper and lower threshold levels defining a group."

Claim 11, lines 1-2, "at least one of the upper and lower threshold levels defining a group" lacks a proper antecedent basis with respect to claims 8 or 1.

### ***Allowable Subject Matter***

3. Claims 1-9 and 12-20 are allowed.
4. Claims 10 and 11 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. The following is a statement of reasons for the indication of allowable subject matter: the prior art of record fails to anticipate or make obvious the method for dynamically scheduling communications to a plurality of receivers over a TDMA channel that is partitioned into frames each consisting of slots including the allocating of slot groups to receiver groups according to the receivers' channel conditions.
